MY SECRET

OUT OF THE LAND OF NOTHING
INTO THE LAND OF SOMETHING:
OUT OF THE DARKNESS INTO LIGHT
HOPE I MEASURE UP JUST RIGHT.

TWO LITTLE EYES AND A LITTLE NOSE
TWO LITTLE HANDS AND TEN LITTLE TOES:
WHATEVER I LOOK LIKE, WHATEVER I'LL BE.
I KNOW THAT MY PARENTS WILL BE PROUD OF ME.

THANKS FOR THE LOVELY WELCOME
YOU HAVE GIVEN ME TODAY,
BE SURE TO COME AND SEE ME.
I THANK YOU FORE MY TINY HEART
FOR YOUR LOVELY GIFT FOR ME.

It's a boy

Born on Monday
the 21st of May
19 84

at 12:10 o'clock A. M.

The Lamaze techniques really helped - but made for a lot
of work for Dan & Sherry. They massaged my legs during contrac-
tions. We made it without any medication!

Doctor Dr. Sue Kennedy

Nurse Linda

Notes I had false labor, off and on for three days.
On Sunday we went Shopping and the contractions
became regular. When we went to the hospital at 4:00 pm
they induced the labor to help it along. They almost
overdid it. Dr. Kennedy almost didn't make it
in time. She arrived just as his head appeared.

This image shows a large, rectangular, perforated metal mesh structure, possibly a component of a scientific instrument like a particle detector or a filter. The mesh is made of many small, square openings. It is supported by a frame, with visible vertical and horizontal bars. The background is dark and indistinct.
